VERSABANK

Notes to Interim Consolidated Financial Statements (Unaudited)

Three & nine month periods ended July 31, 2024 and 2023

1. Reporting entity:

VersaBank (the “Bank”) operates as a Schedule I bank under the Bank Act (Canada) and is regulated by the Office of the Superintendent of Financial Institutions Canada (“OSFI”). The Bank, whose shares trade on the Toronto Stock Exchange and Nasdaq Stock Exchange, provides commercial lending and banking services to select niche markets in Canada and the United States as well as cybersecurity services through the operations of its wholly owned subsidiary DRT Cyber Inc., (“DRTC”). The Bank is incorporated and domiciled in Canada, and maintains its registered office at Suite 2002, 140 Fullarton Street, London, Ontario, Canada, N6A 5P2.

2. Basis of preparation:

a) Statement of compliance:

These interim Consolidated Financial Statements have been prepared in accordance with International Financial Reporting Standards (“IFRS”) as issued by the International Accounting Standards Board (“IASB”) and have been prepared in accordance with International Accounting Standard (“IAS”) 34 – *Interim Financial Reporting* and do not include all of the information required for full annual financial statements. These interim Consolidated Financial Statements should be read in conjunction with the Bank’s audited Consolidated Financial Statements for the year ended October 31, 2023.

The interim Consolidated Financial Statements for the three and nine months ended July 31, 2024 and 2023 were approved by the Audit Committee of the Bank’s Board of Directors on September 3, 2024.

b) Basis of measurement:

These interim Consolidated Financial Statements have been prepared on the historical cost basis except securities (note 4), the investment in Canada Stablecorp Inc. (note 6) and an interest rate swap (note 12), which are measured at fair value in the Consolidated Balance Sheets.

c) Functional and presentation currency:

These interim Consolidated Financial Statements are presented in Canadian dollars, which is the Bank’s functional currency. Functional currency is also determined for each of the Bank’s subsidiaries, and items included in the interim financial statements of the subsidiaries are measured using their functional currency.

VERSABANK

Notes to Interim Consolidated Financial Statements (Unaudited)

Three & nine month periods ended July 31, 2024 and 2023

d) Use of estimates and judgements:

In preparing these interim Consolidated Financial Statements, management has exercised judgement and developed estimates in applying accounting policies and generating reported amounts of assets and liabilities at the date of the financial statements and income and expenses during the reporting periods. Areas where judgement was applied include assessing significant changes in credit risk on financial assets and in the selection of relevant forward-looking information in assessing the Bank's allowance for expected credit losses on its financial assets as described in note 5 – Loans. Estimates are applied in the determination of the allowance for expected credit losses on financial assets, the fair value of stock options granted as described in note 9, the fair value of the investment in Canada Stablecorp Inc. as described in note 6, and the measurement of deferred taxes. It is reasonably possible, on the basis of existing knowledge, that actual results may vary from those expected in the development of these estimates. This could result in material adjustments to the carrying amounts of assets and/or liabilities affected in the future.

Estimates and their underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are applied prospectively once they are known.

3. Significant accounting policies and future accounting changes:

The accounting policies applied by the Bank in these interim Consolidated Financial Statements are the same as those applied by the Bank as at and for the year ended October 31, 2023 and are detailed in note 3 of the Bank's 2023 audited Consolidated Financial Statements.

4. Securities:

As at July 31, 2024, the Bank held securities totaling \$153.0 million (October 31, 2023 - \$167.9 million), including accrued interest, comprised of a Government of Canada Treasury Bill for \$150.0 million with a face value of \$150.0 million at maturity on August 1, 2024, yielding 4.51%, and a Government of Canada Bond for \$3.0 million with a face value totaling \$3.0 million, yielding 4.76%, with a 3.75% coupon and maturing on May 1, 2025.

5. Loans, net of allowance for credit losses:

The Bank organizes its lending portfolio into the following four broad asset categories: Point-of-Sale Loans and Leases, Commercial Real Estate Mortgages, Commercial Real Estate Loans, and Public Sector and Other Financing. These categories have been established in the Bank's proprietary, internally developed asset management system and have been designed to catalogue individual lending assets as a function primarily of their key risk drivers, the nature of the underlying collateral, and the applicable market segment.

The **Point-of-Sale Loans and Leases Receivable Purchase Program ("POS/RPP Financing")** asset category is comprised of point-of-sale loan and lease receivables acquired from the Bank's network of origination and servicing partners as well as warehouse loans that provide bridge financing to the Bank's origination and servicing partners for the purpose of accumulating and seasoning practical volumes of individual loans and leases prior to the Bank purchasing the cashflow receivables derived from same.

VERSABANK

Notes to Interim Consolidated Financial Statements (Unaudited)

Three & nine month periods ended July 31, 2024 and 2023

The **Commercial Real Estate Mortgages (“CRE Mortgages”)** asset category is comprised primarily of Residential Construction, Term, CMHC Insured and Land Mortgages. All of these loans are business-to-business loans with the underlying credit risk exposure being primarily consumer in nature given that the vast majority of the loans are related to properties that are designated primarily for residential use. The portfolio benefits from diversity in its underlying security in the form of a broad range of such collateral properties.

The **Commercial Real Estate Loans (“CRE Loans”)** asset category is comprised primarily of condominium corporation financing loans.

The **Public Sector and Other Financing (“PSOF”)** asset category is comprised primarily of public sector loans and leases, a small balance of corporate loans and leases and single family residential conventional and insured mortgages.

Summary of loans and allowance for credit losses:

(thousands of Canadian dollars)

	July 31 2024	October 31 2023	July 31 2023
Point-of-sale loans and leases	\$ 3,228,354	\$ 2,879,320	\$ 2,776,126

Total EL %	0.05%	0.18%	0.00%	0.06%	0.05%	0.34%	0.00%	0.07%

The Bank’s maximum exposure to credit risk is the carrying value of its financial assets. The Bank holds security against the majority of its loans in the form of mortgage interests over property, other registered securities over assets, guarantees and/or cash reserves (holdbacks) on loan and lease receivables included in the POS/RPP Financing portfolio (see note 8).

Allowance for credit losses

The Bank must maintain an allowance for expected credit losses that is adequate, in management’s opinion, to absorb all credit related losses in the Bank’s lending and treasury portfolios. The expected credit loss methodology requires the recognition of credit losses based on 12 months of expected losses for performing loans which is reflected in the Bank’s Stage 1 grouping. The Bank recognizes lifetime expected losses on loans that have experienced a significant increase in credit risk since origination which is reflected in the Bank’s Stage 2 grouping. While there is elevated credit risk in the Bank’s POS/RPP Financing portfolio as at the measurement date, management does not believe that this represents significant increase in credit risk in that portfolio and the majority of this portfolio remains in Stage 1. Impaired loans require recognition of lifetime losses and are reflected in Stage 3 grouping.

Forward-looking Information

The Bank has sourced credit risk modeling systems and forecast macroeconomic scenario data from Moody’s Analytics, a third-party service provider for the purpose of computing forward-looking credit risk parameters under multiple macroeconomic scenarios that consider both market-wide and idiosyncratic factors and influences. The macroeconomic indicator data utilized by the Bank for the purpose of sensitizing probability of default and loss given default term structure data to forward economic conditions include, but are not limited to: real GDP, the national unemployment rate, long term interest rates, the consumer price index, the S&P/TSX Index and the price of oil. These specific macroeconomic indicators were selected in an attempt to ensure that the spectrum of fundamental macroeconomic influences on the key drivers of the credit risk profile of the Bank’s balance sheet, including: corporate, consumer and real estate market

VERSABANK

Notes to Interim Consolidated Financial Statements (Unaudited)

Three & nine month periods ended July 31, 2024 and 2023

dynamics; corporate, consumer and SME borrower performance; geography; as well as collateral value volatility, are appropriately captured and incorporated into the Bank's forward macroeconomic sensitivity analysis.

Key assumptions driving Moody's Analytics' baseline macroeconomic forecast trends this quarter include: the Bank of Canada cutting interest rates at its September and December policy meetings; the Canadian economy returning to modest growth in late 2024 and early 2025 and inflation approaching the Bank of Canada's target by the end of 2024; elevated debt service obligations strain household finances but result in only modest loan deterioration; high financing costs and low sales volumes cause home prices to contract until the end of the 2024 when falling interest rates help rejuvenate demand; the various military conflicts continue but do not escalate to other regional powers; supply-chain bottlenecks continue to ease which aids in moderating inflation; outbreaks of disease or illness have very little economic impact; and global oil prices stabilize with West Texas Intermediate in the low US \$80 per barrel range until early 2025.

Management developed ECL estimates using credit risk parameter term structure forecasts sensitized to individual baseline, upside and downside forecast macroeconomic scenarios, each weighted at 100%, and subsequently computed the variance of each to the Bank's reported ECL as at July 31, 2024 in order to assess the alignment of the Bank's reported ECL with the Bank's credit risk profile, and further, to assess the scope, depth and ultimate effectiveness of the credit risk mitigation strategies that the Bank has applied to its lending portfolios (see Expected Credit Loss Sensitivity below).

Expected credit loss sensitivity:

The following table presents the sensitivity of the Bank's estimated ECL to a range of individual macroeconomic scenarios, that in isolation may not reflect the Bank's actual expected ECL exposure, as well as the variance of each to the Bank's reported ECL as at July 31, 2024:

(thousands of Canadian dollars)

	Reported ECL		100% Upside		100% Baseline		100% Downside
Allowance for expected credit losses	\$ 2,401	\$	1,574	\$	1,867	\$	2,570
Variance from reported ECL			(827)		(534)		169
Variance from reported ECL (%)			(34%)		(22%)		7%

VERSABANK

Notes to Interim Consolidated Financial Statements (Unaudited)

Three & nine month periods ended July 31, 2024 and 2023

Credit quality:

The Bank assigns a risk rating to each lending asset comprising its lending portfolio. A risk rating is assigned as a function of each new credit application, annual review or an amendment to a facility. The risk rating considers the credit risk attributes of the lending asset, structure, individual borrower circumstances as well as local, regional and global macroeconomic and market conditions. The Bank aggregates its risk rating assignments into the following three broad categories:

- i) Satisfactory – The borrower and lending asset valuation are of acceptable credit quality.
- ii) Watchlist – The borrower or the lending asset valuation exhibits potential credit weakness or a downward trend which, if not mitigated, will potentially weaken the Bank's position. The lending asset requires close supervision.
- iii) Classified – The collection of the structural payment and/or the full repayment of the lending asset is uncertain.

As of July 31, 2024, 97% (October 31, 2023 – 99%) of the Bank's lending assets were categorized Satisfactory. There was no material change in the Bank's processes for managing credit risk during the current quarter.

6. Other assets:

(thousands of Canadian dollars)

	July 31 2024	October 31 2023	July 31 2023

Cash reserves on loan and lease receivables	162,281	153,769	160,148
	\$ 184,625	\$ 184,236	\$ 186,200

9. Share capital:

a) Common shares:

At July 31, 2024, there were 25,964,424 (October 31, 2023 - 25,964,424) common shares outstanding.

On August 5, 2022, the Bank received approval from the Toronto Stock Exchange ("TSX") to proceed with a Normal Course Issuer Bid ("NCIB") for its common shares. On September 21, 2022, the Bank received approval from the Nasdaq to proceed with a NCIB for its common shares. Pursuant to the NCIB, VersaBank was authorized to purchase for cancellation up to 1,700,000 of its common shares representing approximately 9.54% of its public float.

VERSABANK

Notes to Interim Consolidated Financial Statements (Unaudited)

Three & nine month periods ended July 31, 2024 and 2023

The Bank was eligible to make purchases commencing on August 17, 2022 and the NCIB was terminated on August 16, 2023. The purchases were made by VersaBank through the facilities of the TSX and alternate trading systems and the Nasdaq in accordance with the rules of the TSX and such alternate trading systems and the Nasdaq, as applicable, and the prices that VersaBank paid for the Common Shares was at the market price of such shares at the time of acquisition. VersaBank made no purchases of Common Shares other than open market purchases. All shares purchased under the NCIB were cancelled.

No common shares were issued or purchased in the quarter end July 31, 2024. For the quarter ended July 31, 2023, the Bank purchased and cancelled 79,562 common shares for \$734,000, reducing the Bank's Common Share capital value by \$689,000 and retained earnings by \$45,000.

No common shares were issued or purchased in the nine-month period ended July 31, 2024. For the nine-month period ended July 31, 2023, the Bank purchased and cancelled 1,321,358 common shares for \$13.3 million, reducing the Bank's Common Share capital value by \$11.4 million and retained earnings by \$1.9 million.

b) Preferred shares:

At July 31, 2024, there were 1,461,460 (October 31, 2023 - 1,461,460) Series 1 preferred shares outstanding. These shares are Basel III compliant, non-cumulative rate reset preferred shares and include non-viability contingent capital ("NVCC") provisions. As a result, these shares qualify as Additional Tier 1 Capital (see note 15).

The holders of the Series 1 preferred shares are entitled to receive a non-cumulative fixed dividend in the amount of \$0.6772 annually per share, payable quarterly, as and when declared by the Board of Directors for the period ending October 31, 2024. The dividend represents an annual yield of 6.772% based on the stated issue price per share. Thereafter, the dividend rate will reset every five years at a level of 543 basis points over the then five year Government of Canada bond yield.

The Bank maintains the right to redeem, subject to the approval of OSFI, up to all of the outstanding Series 1 preferred shares on October 31, 2024 and on October 31 every five years thereafter at a price of \$10.00 per share. Should the Bank choose not to exercise its right to redeem the Series 1 preferred shares, holders of these shares will have the right to convert their shares into an equal number of non-cumulative, floating rate Series 2 preferred shares. Holders of Series 2 preferred shares will be entitled to receive quarterly floating dividends, as and when declared by the Board of Directors, equal to the 90-day Government of Canada Treasury bill rate plus 543 basis points.

VERSABANK

Notes to Interim Consolidated Financial Statements (Unaudited)

Three & nine month periods ended July 31, 2024 and 2023

c) Stock options

Stock option transactions during the three and nine-month periods ended July 31, 2024 and 2023:

	for the three months ended				for the nine months ended			
	July 31, 2024		July 31, 2023		July 31, 2024		July 31, 2023	
	Number of options	Weighted average exercise price	Number of options	Weighted average exercise price	Number of options	Weighted average exercise price	Number of options	Weighted average exercise price
Outstanding, beginning of period	861,793	\$ 15.90	952,776	\$ 15.53	874,393	\$ 15.90	965,766	\$ 15.53
Granted	-	-	-	-	-	-	1,500	15.90
Exercised	-	-	-	-	-	-	-	-
Forfeited/cancelled	(2,325)	15.90	(26,000)	15.90	(14,925)	15.90	(40,490)	15.90
Expired	-	-	-	-	-	-	-	-
Outstanding, end of period	859,468	\$ 15.90	926,776	\$ 15.52	859,468	\$ 15.90	926,776	\$ 15.52

For the three and nine-month periods ended July 31, 2024, the Bank recognized \$72,000 (July 31, 2023 - \$192,000) and \$276,000 (July 31, 2023 - \$1.0 million) in compensation expense related to the estimated fair value of options granted.

10. Income tax provision:

Income tax provision for the three and nine month periods ended July 31, 2024 was \$3.8 million (July 31, 2023 - \$3.8 million) and \$12.5 million (July 31, 2023 - \$11.0 million) respectively. The Bank's combined statutory federal and provincial income tax rate in Canada is approximately 27% (2023 - 27%). The Bank's effective rate reflects the statutory rate adjusted for certain items not being taxable or deductible for income tax purposes.

11. Income per common share:

(thousands of Canadian dollars, except shares outstanding and per share amounts)

	for the three months ended		for the nine months ended	
	July 31 2024	July 31 2023	July 31 2024	July 31 2023
Net income	\$ 9,705	\$ 10,003	\$ 34,232	\$ 29,683
Less: dividends on preferred shares	(247)	(247)	(741)	(741)
	9,458	9,756	33,491	28,942
Weighted average number of common shares outstanding	25,964,424	25,957,755	25,964,424	26,386,915
Income per common share:	\$ 0.36	\$ 0.38	\$ 1.29	\$ 1.10

Common shares associated with the Series 1 NVCC preferred shares are contingently issuable shares and would only have a dilutive impact upon issuance.

VERSABANK

Notes to Interim Consolidated Financial Statements (Unaudited)

Three & nine month periods ended July 31, 2024 and 2023

12. Derivative instruments:

At July 31, 2024, the Bank had an outstanding contract established for asset liability management purposes to swap between fixed and floating interest rates with a notional amount totaling \$22.4 million (October 31, 2023 - \$20.8 million), of which \$22.4 million (October 31, 2023 - \$20.8 million) qualified for hedge accounting. The Bank enters into interest rate swap contracts for its own account exclusively and does not act as an intermediary in this market. As required under the accounting standard relating to hedges, at July 31, 2024, \$150,000 (October 31, 2023 - \$1.5 million) relating to this contract was included in other assets and the offsetting amount included in the carrying values of the assets to which they relate. Approved counterparties are limited to major Canadian chartered banks. The carrying amount of the hedged item recognized in the loans was \$22.7 million.

13. Commitments and contingencies:

The amount of credit-related commitments represents the maximum amount of additional credit that the Bank could be obligated to extend.

(thousands of Canadian dollars)

	July 31 2024	October 31 2023	July 31 2023
Loan commitments	\$ 367,494	\$ 405,426	\$ 341,679
Letters of credit	66,167	75,963	82,847
	\$ 433,661	\$ 481,389	\$ 424,526

14. Related party transactions:

The Bank's Board of Directors and Senior Executive Officers represent key management personnel and are related parties. At July 31, 2024, amounts due from these related parties totaled \$1.5 million (October 31, 2023 - \$1.5 million) and an amount due from a corporation controlled by key management personnel totalled \$4.8 million (October 31, 2023 - \$3.9 million). The interest rates charged on loans and advances to related parties are based on mutually agreed-upon terms. Interest income earned on the above loans for the three and nine months ended July 31, 2024, was \$41,000 (July 31, 2023 - \$26,000) and \$121,000 (July 31, 2023 - \$75,000). As at July 31, 2024, there were no specific provisions for credit losses associated with loans issued to key management personnel (October 31, 2023 - \$nil), and all loans issued to key management personnel were current. On April 30, 2024, the Bank redeemed all of its issued and outstanding \$5.0 million subordinated note payable originally issued in April 2019; \$500,000 of this amount was held by a related party (note 7).

VERSABANK

Notes to Interim Consolidated Financial Statements (Unaudited)

Three & nine month periods ended July 31, 2024 and 2023

15. Capital management:

a) Overview:

The Bank's policy is to maintain a strong capital base so as to retain investor, creditor and market confidence as well as to support the future growth and development of the business. The impact of the level of capital held on shareholders' return is an important consideration, and the Bank recognizes the need to maintain a balance between the higher returns that may be possible with greater leverage and the advantages and security that may be afforded by a more robust capital position.

OSFI sets and monitors capital requirements for the Bank. Capital is managed in accordance with policies and plans that are regularly reviewed and approved by the Board of Directors and that take into account, amongst other items, forecasted capital requirements and current and anticipated financial market conditions.

The goal is to maintain adequate regulatory capital for the Bank to be considered well capitalized, protect deposits and provide capacity to support organic growth as well as to capitalize on strategic opportunities that do not otherwise require accessing the public capital markets, all the while providing a satisfactory return to shareholders. The Bank's regulatory capital is comprised of share capital, retained earnings and unrealized gains and losses on fair value through other comprehensive income securities (Common Equity Tier 1 capital), preferred shares (Additional Tier 1 capital) and subordinated notes (Tier 2 capital).

The Bank monitors its capital adequacy and related capital ratios on a daily basis and has stipulated policies, which are approved by the Board of Directors, setting internal targets and thresholds for its capital ratios. These capital ratios consist of the leverage ratio and the risk-based capital ratios.

The Bank makes use of the Standardized Approach for credit risk as prescribed by OSFI and, therefore, may include eligible ECL allowance amounts in its Tier 2 capital, up to a maximum of 1.25% of its credit risk-weighted assets calculated under the Standardized Approach.

During the period ended July 31, 2024, there were no material changes in the Bank's management of capital.

b) Risk-based capital ratios:

The Basel Committee on Banking Supervision has published the Basel III rules on capital adequacy and liquidity ("Basel III"). OSFI requires that all Canadian banks must comply with the Basel III standards on an "all-in" basis for the purpose of determining their risk-based capital ratios. Required minimum regulatory capital ratios are a 7.0% Common Equity Tier 1 capital ratio ("CET1"), an 8.5% Tier 1 capital ratio and a 10.5% Total capital ratio, all of which include a 2.50% capital conservation buffer.

OSFI also requires banks to measure capital adequacy in accordance with guidelines for determining risk-adjusted capital and risk-weighted assets, including off-balance sheet credit instruments as specified in the Basel III regulations. Based on the deemed credit risk for each type of asset, both on and off-balance sheet

VERSABANK

Notes to Interim Consolidated Financial Statements (Unaudited)

Three & nine month periods ended July 31, 2024 and 2023

assets of the Bank are assigned a weighting ranging between 0% to 150% to determine the Bank's risk-weighted equivalent assets and its risk-based capital ratios.

The Bank's risk-based capital ratios are calculated as follows:

(thousands of Canadian dollars)

	July 31 2024	October 31 2023
Common Equity Tier 1 (CET1) capital		
Directly issued qualifying common share capital	\$ 214,824	\$ 214,824
Contributed surplus	2,789	2,513
Retained earnings	177,584	146,043
Accumulated other comprehensive income	141	131
CET1 before regulatory adjustments	395,338	363,511
Regulatory adjustments applied to CET1	(10,842)	(12,699)
Common Equity Tier 1 capital	\$ 384,496	\$ 350,812
Additional Tier 1 capital		
Directly issued qualifying Additional Tier 1 instruments	\$ 13,647	\$ 13,647
Total Tier 1 capital	\$ 398,143	\$ 364,459
Tier 2 capital		
Directly issued Tier 2 capital instruments	\$ 103,568	\$ 109,033
Tier 2 capital before regulatory adjustments	103,568	109,033
Eligible stage 1 and stage 2 allowance	2,401	2,513
Total Tier 2 capital	\$ 105,969	\$ 111,546
Total regulatory capital	\$ 504,112	\$ 476,005
Total risk-weighted assets	\$ 3,273,524	\$ 3,095,092
Capital ratios		
CET1 capital ratio	11.75%	11.33%
Tier 1 capital ratio	12.16%	11.78%
Total capital ratio	15.40%	15.38%

As at July 31, 2024 and October 31, 2023, the Bank exceeded all of the minimum Basel III regulatory capital requirements prescribed by OSFI.

VERSABANKNotes to Interim Consolidated Financial Statements
(Unaudited)

Three & nine month periods ended July 31, 2024 and 2023

c) Leverage ratio:

The leverage ratio, which is prescribed under the Basel III Accord, is a supplementary measure to the risk-based capital requirements and is defined as the ratio of Tier 1 capital to the Bank's total exposures. The Basel III minimum leverage ratio is 3.0%. The Bank's leverage ratio is calculated as follows:

(thousands of Canadian dollars)

	July 31 2024	October 31 2023
On-balance sheet assets	\$ 4,516,436	\$ 4,201,610
Assets amounts adjusted in determining the Basel III Tier 1 capital	(10,842)	(12,699)
Total on-balance sheet exposures	4,505,594	4,188,911
Total off-balance sheet exposure at gross notional amount	\$ 433,661	\$ 481,389
Adjustments for conversion to credit equivalent amount	(275,050)	(281,705)
Total off-balance sheet exposures	158,611	199,684
Tier 1 capital	398,143	364,459
Total exposures	4,664,205	4,388,595
Leverage ratio	8.54%	8.30%

As at July 31, 2024 and October 31, 2023, the Bank was in compliance with the leverage ratio prescribed by OSFI.

VERSABANK

Notes to Interim Consolidated Financial Statements (Unaudited)

Three & nine month periods ended July 31, 2024 and 2023

16. Interest rate risk position:

The Bank is subject to interest rate risk, which is the risk that a movement in interest rates could negatively impact net interest margin, net interest income and the economic value of assets, liabilities and shareholders' equity. The following table provides the duration difference between the Bank's assets and liabilities and the potential after-tax impact of a 100 basis point shift in interest rates on the Bank's earnings during a 12 month-period.

(thousands of Canadian dollars)

	July 31, 2024		October 31, 2023	
	Increase 100 bps	Decrease 100 bps	Increase 100 bps	Decrease 100 bps
Increase (decrease): Impact on projected net interest income during a 12 month period	\$ 5,444	\$ (5,457)	\$ 4,046	\$ (4,059)
Duration difference between assets and liabilities (months)	(2.8)		(2.0)	

17. Fair value of financial instruments:

Fair values are based on management's best estimates of market conditions and valuation policies at a certain point in time. The estimates are subjective and involve particular assumptions and judgement and, as such, may not be reflective of future fair values. The Bank's loans and deposits lack an available market as they are not typically exchanged and, therefore, the book value of these instruments is not necessarily representative of amounts realizable upon immediate settlement. See note 21 of the October 31, 2023 audited Consolidated Financial Statements for more information on fair values.

Three & nine month periods ended July 31, 2024 and 2023

18. Operating segmentation:

The Bank has established two reportable operating segments, those being Digital Banking and DRTC (cybersecurity services). The two operating segments are strategic business operations providing distinct products and services to different markets and are separately managed as a function of the distinction in the nature of each business. The following summarizes the operations of each of the reportable segments:

Digital Banking – The Bank employs a branchless business-to-business model using its proprietary financial technology to address underserved segments in the Canadian and US banking markets. VersaBank obtains its deposits and provides the majority of its loans and leases electronically via innovative deposit and lending solutions for financial intermediaries.

DRTC (cybersecurity services and banking and financial technology development) – Leveraging its internally developed IT security software and capabilities, VersaBank established a wholly-owned subsidiary, DRT Cyber Inc., to pursue significant large-market opportunities in cybersecurity and develop innovative solutions to address the rapidly growing volume of cyber threats challenging financial institutions, multi-national corporations and government entities.

The basis for the determination of the reportable segments is a function primarily of the systematic, consistent process employed by the Bank's chief operating decision maker, the Chief Executive Officer, and the Chief Financial Officer in reviewing and interpreting the operations and performance of each segment. The accounting policies applied to these segments are consistent with those employed in the preparation of the Bank's Consolidated Financial Statements, as disclosed in note 3 of the Bank's 2023 audited Consolidated Financial Statements.

Performance is measured based on segment net income, as included in the Bank's internal management reporting. Management has determined that this measure is the most relevant in evaluating segment results and in the allocation of resources.

The Bank has operations in the US, through both its Digital Banking and DRTC businesses, however as at July 31, 2024, substantially all of the Bank's earnings and assets are based in Canada.

VERSABANK

Notes to Interim Consolidated Financial Statements (Unaudited)

Three & nine month periods ended July 31, 2024 and 2023

19. Comparative balances:

The interim financial statements have been reclassified, where applicable, to conform with the financial statement presentation used in the current period. Cash flows related to the Bank's investments in securities were reflected in operating activities in the comparative period and are now reflected as investing activities, consistent with the presentation and disclosure in the Bank's annual audited financial statements for the year ended October 31, 2023. The change did not affect the Bank's comparative period earnings.

20. Subsequent event:

Acquisition of Stearns Bank Holdingford, N.A.

On August 30, 2024 the Bank through its wholly-owned US subsidiary VersaHoldings US Corp., acquired 100% of the outstanding shares of shares of Minnesota-based Stearns Bank Holdingford, N.A. ("SBH"), a privately held, wholly-owned subsidiary of Stearns Financial Services Inc. based in St. Cloud, Minnesota, for cash consideration of approximately US\$14.0 million (CA\$19.3 million), subject to closing related adjustments. SBH is a fully operational, OCC (Office of the Comptroller of the Currency)-chartered national bank, focused on small business lending. The acquisition follows the approval for acquisition received in June 2024 from OSFI, as well as the US's OCC and the US Federal Reserve.

Upon the close of the share acquisition of SBH, the Bank acquired approximately US\$61.1 million in assets and assumed approximately US\$54.1 million in deposits and other liabilities and renamed SBH as VersaBank USA. The acquisition will provide the Bank with access to US deposits to support the growth of its Receivable Purchase Program business, which the Bank launched in the United States in Fiscal 2022. The acquisition is expected to be accretive to the Bank's earnings per share within the first year after closing; and, VersaBank USA was well capitalized, as per the OCC's definition of same, with a Total Capital ratio in excess of 10% as at August 30, 2024.
