Basel III Pillar 3 Disclosures
April 30, 2025

Overview

VersaBank is a North American bank (federally chartered in Canada and the United States) with a difference. VersaBank was the world's first fully digital financial institution and today employs a cloud-based, branchless, business-to-business model based on its proprietary state-of-the-art technology that enables it to profitably address underserved segments of the banking industry. The Bank's model is based on obtaining its deposits and providing financing digitally through third-party financial intermediaries (referred to as "partners") who themselves engage with the actual depositors and borrowers. This provides VersaBank with significant operating leverage, which drives efficiency and return on common equity, and significantly reduces risk.

VersaBank's recent and expected continued growth is the result of its unique Receivable Purchase Program ("RPP"), which invests in cash flow streams generated by loans and leases originated and owned by companies that provided financing at the point of sale to consumers and small business for "big ticket" purchases. In September 2024, following its acquisition of a US bank, the Bank broadly launched its RPP in the US, which has been highly successful in Canada for nearly 15 years, to the underserved multi-trillion-dollar US market.

Basis of preparation

This document represents the Basel III Pillar 3 disclosures for the Bank. These disclosures are made pursuant to the Office of the Superintendent of Financial Institutions (OSFI) requirements, which are based on global standards established by the Bank of International Settlements, Basel Committee on Banking Supervision (BCBS). The Bank follows the Pillar 3 Disclosure requirements for Small and Medium-Sized Banks (SMSBs) and is classified as a Category 2 SMSB.

The amounts disclosed in this document are based on the Bank's condensed consolidated interim financial statements, which reflect the financial position and results of operations of the Bank consolidated with the financial position and results of operations of its subsidiaries. The condensed consolidated interim financial statements were prepared in accordance with International Accounting Standard (IAS) 34. The condensed consolidated interim financial statements follow the same accounting policies and methods of computation as in the Bank's most recent annual financial statements including the accounting requirements specified by OSFI, and reflect, where necessary, management's best estimates and judgments.

The Bank's Credit risk – General information about credit risk (CRA) and Operational risk – General qualitative information on the Bank's operational risk framework (ORA) are disclosed in the Bank's Audited Consolidated Audit Financial Statements and Management's Discussion and Analysis for the year ended October 31, 2024, available online at www.versabank.com/investor-relations.

This report is unaudited and is reported in thousands of Canadian dollars, unless otherwise noted.

The report is available in the Regulatory section of the Bank's website at www.versabank.com and on OSFI's Financial Data for Banks website (Financial data - Office of the Superintendent of Financial Institutions (osfi-bsif.gc.ca))
